

REMARKS

Claims 1-23 remain pending in the instant application (hereinafter, the "'443 Application"), with claim 19 and the specification amended for clarity, as follows:

In the Specification:

In paragraphs [0029]-[0030], erroneous question marks and occurrences of the letter "s" are replaced by the appropriate Greek symbols. These erroneous marks in the originally filed specification resulted due to character substitution by a printer incapable of making the correct symbols. The correct Greek symbols may be viewed in provisional application no. 60/449,944, which the '443 Application claims priority to and incorporates by reference.

In the Claims

Claim 19 is likewise amended to replace erroneous marks with the appropriate Greek symbols.

No new matter is added to the specification or to the claims with this amendment, pursuant to support found in provisional application no. 60/449,944, incorporated by reference in the '443 Application.

Applicants believe no fees are due in connection with this preliminary amendment; however, if any fee is deemed necessary, the Commissioner is hereby authorized to charge Deposit Account 12-0600.

If questions arise in connection with this preliminary amendment, the Examiner is encouraged to telephone the undersigned agent.

Respectfully submitted:
